Coronavirus (COVID-19) Update

In response to the rapidly evolving COVID-19 pandemic, I wanted to reach out to you as a client to inform you that our offices remain open to serve you at this time. The health and safety of our employees and clients remain at the forefront. Our organization is prepared to address any change during our delivery of service to clients should that become necessary. We will continue following guidance of the Center for Disease Control along with state and local health authorities.

We are taking the necessary precautions as a business and would encourage you to do the same and remain vigilant in your daily routines. Given the unprecedented pandemic and fluidity of the situation, we remain prudent to adjust accordingly as we learn more each day.

You can continue contacting us through the normal communication of phone and e-mail. However, if you need to contact your specific insurance carrier after-hours, please refer to our website to see the links to each of our insurance carriers.

We truly value our relationship with you and are committed to providing uninterrupted service to you during this most challenging time in our nation. May God Bless those impacted by this virus and keep everyone safe. Thank you.

Sincerely,

Greg Walker
